8		ZIP File – Source Code Submission	30/09/2026	Submit complete project source code in a properly named .zip file
9		Final Project Report Submission	05/10/2026	Report as per prescribed institutional template
10		Final Demonstration / Viva	05–06/10/2026	Project demonstration, presentation and individual contribution verification

Proposed ZIP File Submission Format

Students should submit **one ZIP file per project** containing:

MCA_III_MiniProject__ <PRN> <Student Name>

|

|— Source_Code

|— Database_Dataset

|— Project_Report (Optional)

|— README

|— Supporting_Files

Important Note

Students are advised not to wait for the last date to complete their work. Every activity should be completed progressively and submitted within the prescribed timeline after taking necessary guidance and prior approval from the respective guide. Any anticipated delay must be communicated to the guide in advance and appropriate permission must be obtained before the deadline.
